The Results You Want

Improve signs of aging skin,
fine lines, wrinkles and scars
with RF microneedling.

PRE-CARE

Start the daily skin care regimen that is recommended by your caregiver 2 weeks before treatment. Avoid topical acids and anti-inflammatory medications for 2 weeks before your treatment.

TREATMENT DAY

Arrive without make-up, moisturizers, and sunscreen on the treatment area. We will be applying numbing cream for 30 to 40 min. The treatment area will be cleansed with a medical grade cleanser. The procedure will last 25 to 40 min. The cosmetic provider will apply a post-treatment healing cream/serum that will stay on for 24 hours.

POST TREATMENT

Your cosmetic provider will instruct you on the best post-treatment skin care regimen. Continue to avoid anti-inflammatory medications and topical acids, Avoid sun exposure without sunn protection.

Three treatments / 1 month apart / \$2100
